Re: Camile Speck

Dear Dr. Koenings,

I just wanted to take a moment to let you know that we attended a beach walk that Camile did for us (Hood Head cabin owners). We had a large group attending which was impressive in itself as it showed that a lot of us are interested in our bay (Byewater). Camile and her partner were very informative and answered our many questions on the animals and bivalves living in the bay.

We just thought you'd like to know that she was a great representative for Fish and Wildlife.

Sincerely,
